

FitQuest

A PERSONAL JOURNEY

second edition

Joe D. Bell, Matthew J. Garver, Libby E. McCurley,
Aaron L. Banks, and Dale P. Mood

CONTENTS

Well-being and You

Find Your Path to Well-being 3

- How Physically Active Are You? 3
- Do You Make Time to Exercise? 3
- What is Your Confidence Level? 4
- How Motivated Are You to Exercise? 5
- Your Profile and Key Well-being Concepts 5

IDENTIFY YOUR DIMENSIONS OF WELL-BEING 6

- Well-being Requires Intentional Action 6
- Well-being Requires Time 6
- Catch Yourself Being You 7

CONSIDER HOW YOUR PERSPECTIVE, ATTITUDES, AND LIFESTYLE IMPACT WELL-BEING 7

- Mental Health Affects Well-being 7
- Lifestyle Choices Affect Well-being 8
- Social Determinants of Well-being 12

BE AWARE THAT LIFESTYLE IS LINKED TO RISK OF DISEASE 13

- Cardiovascular Disease 14
- Cancer 15
- Diabetes Mellitus 17
- Arthritis 17
- Asthma 17
- Chronic Pain 17
- Osteoporosis 18
- Depression 18

LIFESTYLE MEDICINE: USE IT AND LIVE IT 19

THE HEALTHY PEOPLE INITIATIVE 20

Mapping the Journey

INDICATIONS OF YOUR JOURNEY'S DIRECTION 27

THE MANY DESTINATIONS OF FITNESS: DIMENSIONS OF WELLNESS 27

- Physical Wellness: Lower Your Risk of Chronic Disease 28
- Mental and Emotional Wellness: Celebrate Your Self-Image 29
- Intellectual Wellness: Improve Your Academic Performance 30
- Occupational Wellness: Be More Successful on the Job 31
- Social Wellness: Play with Others 32
- Environmental Wellness: Enjoy the World Around You 32
- Spiritual Wellness: Find Your Inner Peace 34

WELLNESS BEHAVIOR ASSESSMENTS 34

MOTIVES, MOTIVATORS, AND BARRIERS TO CHANGE 35

- The Power of Identifying Your Motives 35
- Motivators for Behavior Change 36
- Barriers to Change 38

SELF-REGULATORY TOOLS: SELF-MONITORING AND GOAL SETTING 39

- Self-Monitoring 40
- Goal Setting 42
- Using SMART Goals 42

BRINGING IT ALL TOGETHER: SUMMARY OF SELF-REGULATORY TOOLS 43

Heart of the Journey

THE ROAD TO A HEALTHY HEART 49

- Improve Your Physical Abilities 49
- Reduce Your Risk of Cardiovascular Diseases 50
- Manage Your Weight 51
- Feel Good 52

WHAT IS GOING ON INSIDE YOUR CARDIOVASCULAR SYSTEM? 52

- Journey of Blood 54
- Measuring the Health of Your Cardiovascular System 54
- Strengthening Your Cardiorespiratory System 55

FIND YOUR STARTING POINT: ASSESS YOUR CURRENT LEVEL OF FITNESS 57

- Should You Check with Your Doctor? PAR-Q and You 57
- Determining Your Current Cardiorespiratory Fitness: Maximal and Submaximal Tests 58
- Tests Available to Determine Your Coordinates 59

TRAVELING THE COURSE: CREATING A FITNESS PLAN 60

- Using the FITT Navigation System 60
- Self-Monitoring, Goal Setting, and Progression of Aerobic Exercise 67

Strength for the Journey

SO YOU THINK YOU KNOW MUSCLE? 71

JOINT HEALTH MAKES THE JOURNEY POSSIBLE 71

MUSCLE PHYSIOLOGY: WHAT IS GOING ON INSIDE? 74

- Whole Muscle, Fascicles, and Muscle Fibers 74
- How the Nerve Controls the Muscle 74
- The Neuromuscular Junction and the Neurotransmitter Excitation Is "Coupled" with Contraction 76
- Contraction: Actin, Myosin, and the Sarcomere 77
- Contraction: The Amazing Ability to Recruit Motor Units 77
- Getting Stronger but Not Getting Bigger: Neuromuscular Adaptation 77

OUR MUSCLE FIBERS MAKE THE JOURNEY DIFFERENT! 79

- Velocity of Contraction: The Speed of the Fibers 79
- Oxidative Ability: Endurance versus Power 80
- What Makes the Difference in Velocity and Oxidative Ability? 80

YOU GET MANY BENEFITS FROM RESISTANCE EXERCISE ...NOT JUST THE ONES YOU EXPECT 81

- Aesthetic Benefits 82
- Functional Benefits 82
- Metabolic Benefits 82
- Disease Treatment Benefits 84

THE FITT NAVIGATION SYSTEM AND KEY PRINCIPLES FOR RESISTANCE EXERCISE 84

- Key Principles to Guide Your Way 85
- Frequency 87
- Intensity 87
- Time 89
- Type 89

PUTTING IT ALL TOGETHER 92

- Resistance Training Assessments 93
- Self-Monitoring, Goal Setting, and Progression of Resistance Exercise 93

Flexibility on the Journey

WHY FLEXIBILITY IS IMPORTANT 97

TERMINOLOGY RELATED TO FLEXIBILITY 97

RANGE OF MOTION: WHAT DETERMINES THE TRAVEL PLANS OF EACH JOINT? 100

THE PHYSIOLOGY OF FLEXIBILITY 101

WHAT DOES FLEXIBILITY ADD TO YOUR JOURNEY? 103

THE FITT NAVIGATION SYSTEM FOR FLEXIBILITY TRAINING 104

- Frequency 104
- Intensity 105
- Time 105
- Type 106

PUTTING IT ALL TOGETHER 108

- Flexibility Training Assessments 108
- Muscular Health: Self-Monitoring, Goal Setting, and Progression of Flexibility Exercises 108

Fuel for the Journey

WHY ARE WE OBSESSED WITH OUR FUEL? 111

- Dietary Reference Intakes 111
- “MyPlate” Has Replaced the Food Pyramid 112

MACRONUTRIENTS: NUTRIENTS THAT PROVIDE ENERGY 113

- Carbohydrates 113
- Fats 115
- Proteins 117
- Where Do Calories Fit in the Discussion of Macronutrients? 118

BREAKING DOWN THE FOOD LABEL 119

- Serving Size 119
- Total Calories and Calories from Fat 119
- Daily Value % 119
- Updates to the Nutrition Facts Label 120

MICRONUTRIENTS 120

- Minerals 122

WATER 122

METABOLISM AND THE ENERGY PRODUCING PATHWAYS 124

- How Food Fuels You 124
- Cellular Currency: ATP 125
- ATP Producing Pathways 125
- The Smooth Transition Between the Metabolic Pathways 127

ENZYMES 129

THE ENDOCRINE SYSTEM AND HORMONES 130

- Endocrine Organs and Key Hormones in Metabolism 130
- How Acute Exercise and Chronic Training Impact Hormone Release 131

FUEL FOR GENERAL HEALTH 131

- What Are the General Characteristics of a Healthy Diet? 132
- The Fuel Demands of Your Different Tissues 132
- Fuel for Rest and for Light, Moderate, and High Intensity 134

FUEL FOR FITNESS 135

- Nutrition for the General, Healthy Lifestyle 135
- Fuel for Endurance Exercise 136
- Fuel for Resistance Exercise 136

FUEL AND THE LINK TO DISEASE 137

- Obesity 137
- Diabetes 137
- Cholesterol 137
- Metabolic Syndrome 138
- Osteoporosis 138
- Anemia 138
- Why Proper Nutrition Matters: It’s Not Just Your Food—It is Your Fuel! 139

Packing Lite

BODY COMPOSITION AND WELLNESS 143

BODY IMAGE AND WELLNESS 143

Overweight and Obesity: The Health Burden 143

What Does It Mean to Be Overweight or Obese? 144

EATING DISORDERS 146

Anorexia Nervosa 146

Bulimia Nervosa 147

Binge-Eating Disorder 147

What Is a Healthy Range of Fat? 147

CHECK YOUR BODY FAT AND RISK TO DISEASE 149

Methods for Assessing Disease Risk 149

Methods for Assessing Body Composition 151

ASSESSING YOUR BODY COMPOSITION 154

MANAGING YOUR WEIGHT 155

How Can I Change My Body Composition? 155

Your Path to Healthy Weight Loss 156

DEVELOPING A WEIGHT MANAGEMENT PLAN 161

Self-Monitoring 161

Setting SMART Weight and Body Composition Goals 163
